STOCKING GUIDES (SECTION VII)
INTRODUCTION

This OEM Retail Parts Catalog supersedes all parts catalogs previously issued by Shugart Associates.

Prices and part numbers listed are subject to change without notice. Except where indicated, prices are stated on a per unit basis. Terms and conditions stated herein shall apply to all parts orders except where prior contractual agreements specify otherwise.

Certain parts listed in this printing of the catalog may be deleted from availability by Shugart Associates as a result of causes such as, but not limited to, the following:

1. Part obsoleted by mandatory product design change.
2. Part is removed from production and is out of stock. Product is no longer supported by Shugart Associates.
3. Part is unavailable for causes beyond the control of Shugart Associates.

Shugart Associates reserves the right to substitute parts or reject the item on any order received.

The catalog has been revised to include more specific information regarding Shugart Associates' spare parts policies and services.

We urge you to take the time to review this catalog in detail. The catalog has been carefully designed to provide you with answers to questions concerning spare parts. Your understanding of the enclosed information will help us to serve you better.
PARTS PLANNING

The computer industry encompasses a wide variety of products, services and businesses. For systems and subsystems suppliers, computer and peripheral maintenance is an excellent source of long-term profit and stability.

Shugart Associates is committed to providing technical and spare parts support for your Shugart Associates OEM product. The success of your maintenance program depends on sound logistics planning, provisioning and inventory control. The guidelines presented here will help ensure that your maintenance program is conducted profitably.

A planned spares program protects your reputation as a supplier who assures continuous top product performance for the user. OEM spare planning works to your advantage through:

- Reduced costs
- Responsive product support
- Satisfied customers
- Follow-up product sales
- Maintenance profitability

Planning begins with your decision to select and use an OEM product. The initial activity is planning the logistics for a profitable maintenance support. Each segment of the program throughout the revenue life of the product should be given careful thought, attention and planning.

To assist in your spare parts planning decisions, Shugart Associates will provide the support you require. OEM customers are expected to plan and stock adequate spare parts for basic support of the units.

STOCKING GUIDES

To help you provision and determine the optimum spares stocking practices, Shugart Associates has developed a unique Stocking Guide (RSPL) program.

Shugart Associates provides a Stocking Guide (RSPL) for each OEM product. The RSPL is a planning worksheet that provides PART NUMBERS, DESCRIPTIONS AND RETAIL PRICES OF ALL FIELD SERVICE LEVEL PARTS THAT ARE NORMALLY STOCKED AND RECOMMENDED FOR MAINTENANCE REPLACEMENT.

The RSPL supports the most economical service for each Shugart Associates OEM product. Shugart Associates maintenance training, documentation and quality-verification testers are coordinated to reflect this service level.
ORDERING PARTS

Shugart Associates, in its commitment to provide service to its customers, has available a dedicated and professional Spare Part/Logistic support group to support the OEM customer base as well as the end user.

ROUTINE ORDER ENTRY

• Routine orders (domestic open accounts) in the U.S. may be placed with Shugart Associates by phone, facsimile, TWX or by mail. All verbal orders will be booked as received but will require a confirming purchase document before the order is processed for confirmation or shipment.

PHONE: (408) 733-0100 (Ask operator for Spares)
TWX: (910) 339-9355
FACSIMILE: (408) 735-7486
MAIL: Shugart Associates
       475 Oakmead Parkway
       Sunnyvale, CA  94086
       ATTN: SPARE PARTS DEPT

Routine orders for spare parts by OEM customers outside the U.S. must be placed in the country of ORIGIN or the Shugart Sales Office NEAREST to country of delivery. See pages 11-13 for Distributors or Sales Offices for order placement.

NOTE: Procedures may vary slightly in some countries. Your local OEM sales representative will verify specific procedures and addresses which apply to your support.

All orders placed with Shugart Associates for spare parts must contain:

• Purchase order number
• Shugart spare part number
• Description
• Quantity required
• Date(s) required
• Unit price and discount if applicable
• Reference to appropriate OEM contract
• Shipping instructions if any
• Ship to and Bill to address

For open and OEM accounts, the minimum order is $50.00.
CHANGE ORDERS and/or cancellations are acceptable under the following conditions:

- Changes are subject to re-pricing, reacceptance, re-acknowledgement and re-commitment of the entire original purchase order.

- Changes or cancellations will not be accepted by Shugart Associates if they are received too late to process (twenty days prior to customer dock date (required date)).

- Shugart Associates will not accept changes or cancellations resulting in excessive or unreasonable cost.

- If the purchase order indicates a delivery date in accordance with standard lead times to obtain a standard discount, Shugart Associates will, if indicated on the purchase order earlier dates are acceptable, ship when available at an earlier date without affecting earned discounts.

All prices and discounts are based on a 60 day lead time from receipt and/or acceptance of order for standard discounts.

All documents in connection with your order will reflect your purchase order.

All prices are F.O.B. shipping point of origin. Transportation will be selected by Shugart Associates. If premium transportation is requested, expenses for such transportation are to be paid by the requestor.

EMERGENCY

Your requests for parts required on an emergency basis should be communicated to Shugart Associates by either TWX or phone. Be particularly careful to ensure that all applicable information is communicated.

NOTE: Reference pages 11-13 for appropriate locations.

RESPONSE TO EMERGENCY ORDERS

- Shugart Associates expects to ship the parts you require on an emergency basis within 48 hours after the order is received.

- The bill of lading number normally can be provided on request after the shipment has been made.

- Flight information and the estimated time of arrival of your emergency shipments can also be provided on request.
NON-CATALOGED PARTS

Orders for parts which do not appear in this catalog are to be placed in the same manner as routine orders. These orders are to be identified as non-cataloged items and must include the following information:

- Product number
- Equipment number
- Publication and page number of the manual in which the part number may be found.

The availability of non-cataloged parts will be at the discretion of Shugart Associates. If the part is to be supplied, it may require an extended delivery leadtime.

Shugart Associates reserves the right to refuse acceptance for non-cataloged parts which are deemed inappropriate to field servicing of the units.
NOTE TO THE READER

THE FOLLOWING SHUGART ASSOCIATES TERMS AND CONDITIONS APPLY TO PARTS ORDERS EXCEPT WHERE PRIOR CONTRACTUAL AGREEMENTS SPECIFY OTHERWISE.
SPARE PARTS TERMS AND CONDITIONS OF SALE

APPLICABILITY

THE TERMS AND CONDITIONS SET FORTH HEREIN COMPRISEx THE SOLE AND EXCLUSIVE PROVISIONS, SUPERSEADING ALL PREVIOUS ORAL OR WRITTEN COMMUNICATIONS AND AGREEMENTS. THESE TERMS AND CONDITIONS SHALL PREVAIL NOTWITHSTANDING ANY VARIANCE WITH THE TERMS AND CONDITIONS OF ANY OTHER ORDER OR INSTRUMENT SUBMITTED BY CUSTOMER, SHUGART ASSOCIATES' OFFER TO SELL HAVING BEEN EXPRESSLY CONDITIONED ON CUSTOMER'S ACCEPTANCE OF THESE TERMS. However, the aforementioned limitations shall not apply where the Customer and Shugart Associates have in existence an operative master or overriding agreement which (i) grants the Customer the right to order parts subject to its terms or (ii) modifies these terms; in this circumstance the master or overriding agreement will be identified within the body of the purchase order.

PURCHASE PRICE AND INVOICES

• The purchase price for spare parts shall be the price(s) stated in the purchase order, provided that when the order is received the price(s) reflects (i) the then current prevailing Shugart Associates published price for nonexpedited deliveries, or (ii) a current nonexpired quotation. When applicable, a service charge for expedited deliveries will be specifically identified within the order.

• Shugart Associates' prices do not include any applicable Federal, State, or local taxes.

• Shugart Associates may invoice for partial shipments (or at its election for a group of shipments) made to Customer. Invoices shall be due and payable thirty (30) days after date of invoice.

DELIVERY

• Unless a specific delivery date is stated in the order and that date is accepted by Shugart Associates, spare parts will be shipped on an open-order, nonexpedited basis upon Shugart Associates receipt and acceptance of the order. Nonexpedited delivery will normally be accomplished within 45-60 days. Shugart Associates must reserve the right to back order any part which is not available. Emergency order processing is available on request for an additional handling charge.

• Since time is not of the essence, Shugart Associates shall not be considered in breach for a tardy delivery of reasonable duration whatever the underlying cause. Further, Shugart Associates shall not be considered in default when non-performance or late delivery is due to one or more of the following causes: war, strike, lockout, flood, power outage, fuel or materials shortage, failure of vendor deliveries, government-imposed priorities, embargo, or any other similar cause beyond the company's control.
- Shugart Associates in filling the order may deliver either new parts or refurbished parts, the latter being warranted as "like new" in quality and workmanship. Further, Shugart Associates reserves the right to ship the latest compatible engineering change level part to fill the Customer's order.

PACKING AND SHIPPING

- All items will be packaged in accordance with sound commercial practices and will be tagged with Shugart Associates' part number identification. Special packaging and marketing requirements and applicable costs specifically identified in the order.

- All prices are "FOB Origin".

TAXES

Customer shall pay (or reimburse Shugart Associates) in addition to all other charges, and as a separate item, all taxes (exclusive of net income taxes), however designated, or amounts legally levied in lieu thereof, based on or measured by the charges for spare parts and/or supplies provided by Shugart Associates, now or hereafter imposed under the authority of a Federal, State or local taxing jurisdiction. Any claim of exemption must be supported by a tax exemption certificate acceptable to the cognizant taxing authority.

INSPECTION

Inspection and acceptance shall be at Customer's destination. Acceptance will be presumed unless Shugart Associates receives a notice of rejection within thirty (30) days from date of shipment.

WARRANTY

- Spare Parts, Tools and Accessories

Shugart Associates warrants that all spare parts, tools and accessories purchased by Buyer hereunder shall be free from defects in material and workmanship for a period of ninety (90) days from the date of shipment thereof to Buyer.

- Media

Shugart Associates warrants that all media purchased by Buyer hereunder shall be free from defects in material and workmanship for a period of thirty (30) days from the date of shipment thereof to Buyer.

- Returns - Domestic

Shugart Associates will not accept any return without an Equipment Return Authorization (ERA) number.

An ERA number can be obtained by calling (408) 733-0100. Ask for Marketing ERA Department.
The ERA Department will require the following information for all ERA returns including Loan and Consignment, Demo, Spares, and Service Center returns:

a) Customer Name
b) Customer Reference Number
c) Original Purchase Order/Loan and Consignment Number
d) Part Number (PSI)
e) Product Family (SA)
f) Quantity being returned
g) Shipper Number/Invoice Number
h) Reason for return
i) Date Customer received material
j) Contact Name
k) Phone Number
l) Cost Center (L&C/DEMO)/From Account

- Returns - International
  Contact nearest International Sales Office (See pages 12-13).

Warranty Obligations. Provided Buyer complies with the return procedures, Shugart Associates shall, at its sole option and expense, repair or replace any Product found to be defective during its respective warranty period, and ship the repaired or replaced Product to Buyer, freight prepaid.

Disclaimer. THE EXPRESS WARRANTIES AND OBLIGATIONS OF SHUGART ASSOCIATES AS SET FORTH IN THIS EXHIBIT ARE IN LIEU OF, AND BUYER HEREBY EXPRESSLY WAIVES, ALL OTHER GUARANTEES AND WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, TOGETHER WITH ANY LIABILITY OF SHUGART ASSOCIATES UNDER ANY PROVISION OF THIS AGREEMENT FOR LOSS OF USE, REVENUE OR PROFIT. UNDER NO CIRCUMSTANCES SHALL SHUGART ASSOCIATES BE LIABLE TO BUYER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES IN ANY WAY ARISING OUT OF OR RELATING TO THIS AGREEMENT.

RECOMMENDED SPARE PARTS STOCKING GUIDE

The spare parts stocking guide is broken down into three levels. These levels are Site or Field Support Engineer (level 1), Branch Office (level 2), and Depot or Headquarters (level 3). The quantities assume that Site is replenished by the Branch immediately, and Branch replenished by the Depot within 30 days.

The inventories that the levels can maintain are:

RECOMMENDED SPARE PARTS STOCKING GUIDE

The spare parts stocking guide is broken down into three levels. These levels are Site or Field Support Engineer (level 1), Branch Office (level 2), and Depot or Headquarters (level 3). The quantities assume that Site is replenished by the Branch immediately, and Branch replenished by the Depot within 30 days.

The inventories that the levels can maintain are:
